Letter from the VP:

Hello shooters!

It seems like I have dropped back to approximately one NASA News per month. I believe it is because we have dropped back to one board meeting a month. I don't really feel like two a month is warranted anymore, because the second one would pretty much just be a regurgitation of the first. I'm sure in some instances, a smaller version would be warranted, but I don't plan on sending one out just because. I am going to start e-mailing the shoot flyers out about a week ahead of the shoot.

We finished the election. The only position that changed was the President. Don Borg won the President's seat and will take office January 10th during the board meeting.

We've hit a snag with the fence. Delwin Wengert, the County Manager, has told me the fence project never came up before the board, and will need to go before the board to be approved. If you happen to know Mr. Wengert, or the District III Supervisor, Barry Weller, encourage them to green-light the fencing project for the range. The more people who voice their support for the fence, the higher our chances of getting it approved.

We also approved the bylaw revisions. They were mostly the same as the proposed revisions, but had a few minor changes for clarification suggested by our attorney. [You can see the new bylaws here](#). These bylaws took effect December 13th.

I'm looking for volunteers to write sections of the NASA News. Just a short article about something that you're well versed in. It could be anything from black powder to tying flies. If you can generate an article a month based in one theme, I might be able to make you a regular columnist. If you are interested, send me a sample article and tell me if you want to be a monthly or an occasional contributor.

If you have any suggestions for the newsletter, or would like to provide content, please e-mail me at bowen.udall@nasashootingsports.com.

Sincerely,

Bowen Udall
Vice President
Northeastern Arizona Sportsman's Association, Inc.
